In our difficult time, when the lands of Ukraine are partially occupied by the Russian Federation, it is difficult to find people who are able to perceive other people's problems as their own, and how wonderful that such people still exist.

The administration of Pereyaslav district hospital in the person of the chief physician Larisa Kuzmenchuk expresses its sincere gratitude to Ryvu Therapeutics S.A. Krakowski Park Technologiczny, Inteligentna Małopolska-FabLab Małopolska understanding of the current situation and quick response to requests for help and provision of medicines for the maternity ward. It was an act that shows extraordinary humanity and a big heart.

It is a pleasure to live and work with people who care about the lives and health of the city's residents and those who have had to leave their homes. As long as such people live and work, our nation of Ukrainians will live as well. I would like to sincerely thank you once again for your support and for your sincere and sensitive hearts. Because you do not stand aside from the problems of ordinary people. May your kindness and generosity return to you a hundredfold. We wish you all the best and prosperity. May God send you good health, joy and happiness!

Larisa Kuzmenchuk
